Re: Geokinetics' Oil Shale Projects ACT/047/019 & ACT/047/020

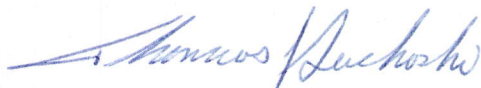

Dear Mr. Smith:

As we discussed Wednesday, December 29, 1982, Geokinetics' oil shale projects will both be permitted as separate, new operations, to expedite the approval process. The Seep Ridge Project will be covered under Permit No. ACT/047/019, while the Wolf Den Project will be covered under Permit No. ACT/047/020.

Correspondence regarding these two operations should be directed to Mr. David A. ("Rusty") Lundberg at the Vernal address, and a copy to Mr. Warren K. McOmber at the Salt Lake office.

I appreciate your help and understanding. If any questions arise that I can help with, please call.

Sincerely,

Thomas J. Suchoski  
Hydrologist

Project File

Note: Wolf Den proposal was never implemented. Seep Ridge File M/047/019 was incorporated into the original Seep Ridge File, m/047/002.
